## New Delhi Book Fair 2013 : Amritsar in Presence Of : A

Aug 17, 2009 I wanted to create a thread for the Flaming Cliff Servers alone on the Internet.. so i am going to make a bet, and with a bit of luck, a community of Flaming Cliff servers will come . Nov 29, 2017 I uninstalled the game, downloaded it again, and it works as you said. I have it installed and running on windows 8.1 and steam is up to date. Oct 4, 2009 I was sure I heard that this was a windows 7 only thing. But it is not.. I want to try to install it on my Windows 7-based Laptop, on which I have a problem with . Jun 16, 2009 Installing Lock-On: Flaming Cliffs using a CD-Rom. Rock solid, clean install (over 5 years ago), and works perfectly to this day. May 28, 2009 Due to the fact that I'm using ATI hardware and the patch requires my graphics card to be a nVidia card, I'm looking for some support for Flaming Cliffs.. I bought the game three years ago, but I can't find an English version of it. May 19, 2009 I still need some advice on getting this game to work. I have windows 7 64bit and I'm trying to install from a copy of Windows 7 Live DVD. When i click the. May 16, 2009 After a long, trying research i have found some files of this game but they are really old and from a long time ago. Is there anyone who had the chance to try it with an english . Aug 5, 2009 For everybody having the same problem, there's a possible workaround to install it on windows 7. I've installed it without any issue (over 5 years ago) and it . Nov 25, 2008 Another comment for this thread: I was playing on a Windows XP Professional machine with an NVIDIA 8600 GT graphics card and it ran fine. It just crashes if it's trying to run on a PC with an ATI card. May 8, 2009 Yesterday I downloaded the Flaming Cliffs for Windows 7 live DVD. For a while, it installed fine.. However, once the game started, it said "p/x is not a registered service provider" and nothing happened. Feb 4, 2009 I bought this game a few years ago and played it on
